

Conner Ow

Fullstack Web Developer

I starte coding at the age of eleven. In the next **seven years**, I put into production **eleven** websites, **eight** video games, and various open-source projects & tools. Programming gives me the ability to express my imagination and creativity and will **always** be my passion.

At a young age I was taught that being smart wouldn't get me anywhere unless I was diligent, honest, humble, patient, and respectful.
